Door & Window Openings Require Exact Measurements:

FOR DOORS LEGS

Plinth blocks have extra length for trimming to fit door opening.

FOR WINDOW SILLS

Our standard Sill Extension placement is offset 1/4" from jamb. Indicate if flush Sill placement is preferred.

OFFSET by 1/4" (suggested) with the jamb:

FLUSH with the jamb:

FOR ARCHITRAVES

Indicate which of the following you desire.

Both ends remain uncut with enough trim for your own cut:

One end to have 45° miter cut, the other end uncut:

45° miter cuts on both ends:
